PROFESSIONAL SUMMARY

Backend-focused software engineer with six years of experience designing and operating web APIs. Comfortable across the stack with a bias toward reliable, well-tested services.

SKILLS

Python, FastAPI, PostgreSQL, Git, REST, JavaScript, Linux, CI/CD

EXPERIENCE

Acme Corp - Senior Software Engineer (2019 - 2025)

Built and maintained FastAPI services backed by PostgreSQL. Owned the CI pipeline and release process using Git and GitHub Actions.

Globex - Software Engineer (2017 - 2019)

Developed JavaScript front-end features and Python data pipelines.

EDUCATION

BSc in Computer Science, University of Colombo (2017)
